ECT 511: METHODS AND RESOURCES IN GEOGRAPHY EDUCATION

DATE: Friday 3rd September, 2010

TIME: 2.00 p.m. – 5.00 p.m.

INSTRUCTIONS:

Do Question ONE and any TWO from the remaining choices. Each Question is out of 20 Marks.

- Q1. Discuss with specific examples and where necessary use diagrams to explain the approaches and methods used in the teaching and learning in schools today.
- Q2. Why is it necessary for a geography teacher to create a conducive teaching and learning environment? What challenges are you likely to face in ensuring that the learning environment is good enough to promote meaningful teaching and learning?
- Q3. How do you think the use of fieldwork as a mode of teaching meet the national goals of education?
- Q4. The problems experienced among the East African countries are unique and yet similar across the borders. How can the teaching of geography help the Heads of the East African communities achieve a united state of Africa?
- Q5. How do you think the use of teaching and learning resources can help the teacher achieve his objectives in class and what are the likely challenges you will face as a teacher.
