INSTRUCTIONS

Answer THREE Questions

1. Evaluate the role of curriculum in planning, designing and implementing Health Education in schools
2. Discuss the proposition that “curriculum is indispensable in the attainment of Millenium development Goals (MDGs)”. Use relevant examples to illustrate your answer.
3.
 - a) What are the problems experienced in the teaching of public health in the Kenyan schools?
 - b) What are the possible ways of minimizing the identified problems (in part 3 a).
4. Discuss the proposition that “learners play a crucial role in environmental and health matters”. Use relevant examples to illustrate your answer.
5.
 - a) Discuss the rationale for having public health education policy in a country of your choice
 - b) Identify the challenges public health educators face in Kenya.
